**<https://goo.gl/maps/XEAMsufYHu7TKQG36>**

(click above on Google maps and park along street)

**Litchfield Park, AZ**

**Featured speakers:**

(at the top of each hour)

***Maggie Reiter***, Area Environmental Horticulture Advisor,  
University of California Cooperative Extension, Fresno, CA

***Chrissie Segars***, Extension Turfgrass Specialist,  
Texas A&M University, Dallas, TX

Observe last season's plantings, establishment, and  
performance through the winter for color retention.

- Alkali sacaton, Bluestems, Buffalograss, Galleta, Gramas,  
Lovegrass, Purple threeawn, Sand dropseed
- Kurapia (*Lippia nodiflora*) cultivars
- Experimental zoysiagrasses

This is a no cost event. View the experimental plots at your convenience.
